

## Playing Ball

President gets 450K, scant  
for the responsibility.  
Football Coach, 3M.

Young Geology Professor, 58K,  
mouths off about what he  
descries as disparity. Values!  
Hey! He's free to take the kids out  
and signify the "hinges" of  
folded layers of rocks. Great!  
What education should be! & research  
money will uncover if he shuts up.  
(For, boys & girls, the portly gates  
of institutions swing from other hinges.)
